

Asociación Lila Mujer

Narrative:

The "Asociación Lila Mujer" is a non-profit social and community entity that works with and for women who live with HIV, who have experienced gender-based violence, or who live in vulnerable conditions. We are physically located in the city of Cali, but over the course of 20 years we have accompanied the life stories of women who live in the different departments of the Colombian Pacific region.

We aim to strengthen the support given to 100 women and young people living with HIV in the Southwest of Colombia working with the Network of Black, Indigenous, Rural and Peasant Women with HIV and the Network of Young People of the Southwest of Colombia.

We aim to develop awareness-raising efforts and education actions related to Comprehensive Sexual Education with an ethnic and territorial focus for more than 2,000 people in the Southwest region of Colombia.

Objectives:

- Asociación Lila Mujer strengthens support for 100 women and young people living with HIV in the southwest of Colombia.
- Asociación Lila Mujer provides awareness-raising and educational actions related to Comprehensive Sexual Education with an ethnic and territorial focus for more than 2,000 people in the Southwest region of Colombia.
